

You were injured at work. What now?

The New York State Workers' Compensation Board (Board) has received notice that you were injured at work, so we prepared a workers' compensation case in your name. You may have already received medical treatment. If you haven't, you should seek any necessary medical care as soon as possible.

For assistance with your claim, call the **Workers' Compensation Board** at **(877) 632-4996**.

Your Responsibilities

- You must notify your employer, in writing, when, where and how you were injured. Do this as soon as possible within 30 days of injury.
- Advise your health care providers that you have a work-related injury, and give the name of your employer. Do not pay for your care or use other health insurance. Your health care provider will file medical reports with the Board and with your employer or its insurance carrier. If your case is disputed, the Board needs a medical report on your injury to begin resolving your claim.
- You should file an **Employee Claim** (Form C-3) reporting your injury to the Board as soon as possible (you must notify the Board of your injury or illness within two years). If you injured the same body part before, or had a similar illness, you must also file a **Limited Release of Health Information** (Form C-3.3).

Two ways to file a Claim

Visit wcb.ny.gov and select **File a Claim**.

Complete the enclosed paper form(s) and mail to the Board.

If you have questions about filing an **Employee Claim (Form C-3)**, please call **(877) 632-4996** and a Board representative will assist you.

Health Care and Travel Bills

Do not pay your health care provider or hospital for treatment received for this injury/illness. Those bills are paid by the insurer unless the Board issues a decision that finds your claim is not valid. If your case is disputed, the healthcare providers will be paid if the Board decides your case in your favor. *However, if the Board decides against you, or if you don't pursue a case, you will have to pay the health care provider or hospital (or submit to your health insurance carrier).*

Your employer's workers' compensation insurance covers medically necessary drugs and equipment your health care provider prescribes. You may also be reimbursed for mileage, public transportation or other necessary expenses incurred when traveling for treatment. Make sure that you obtain receipts for those expenses, and submit them to your workers' compensation insurer on a **Claimant's Record of Medical and Travel Expenses and Request for Reimbursement** (Form C-257).

CLAIMANT INFORMATION PACKET

Generally, you can choose any health care provider as long as the provider is authorized by the Board. You can search for an authorized health care provider in your area using the “**Find a Doctor**” feature on the Board’s website at wcb.ny.gov. You can also use occupational health clinics. However, if your employer’s workers’ compensation insurer has a Preferred Provider Organization (PPO) to provide care for workers’ compensation injuries, you must get your initial treatment from the PPO network. If that insurer also has a pharmacy or diagnostic network, you must receive services within these networks. The insurer must tell you about its required provider networks and how to use them.

Benefits for Lost Wages

You are entitled to a portion of your lost wages, which must be paid promptly, if your injury affects you in one or more of the following ways:

1. It keeps you from work for more than seven days.
2. Part of your body is permanently disabled.
3. Your pay is reduced because you now work fewer hours or do other work.

You may hire an attorney or licensed representative for help with your claim, but it isn’t required. The Board sets their fees, which will be deducted from your lost wages award. You or your family should not pay anything directly to your attorney or licensed representative.

If your case is disputed, you may receive disability benefits while the case is heard. To get a **Notice and Proof of Claim for Disability Benefits** (Form DB-450), visit wcb.ny.gov; call the Board for assistance; or visit a Board office. If the case is resolved in your favor, the disability benefits would be deducted from your lost wages award.

Help is Available

Sometimes you need help getting back to work. Your employer may have alternative or light duty assignments that enable you to work while you heal. An injury can also cause family or financial problems. The Board has vocational rehabilitation counselors and social workers to help. Call the Board for more information on available services and for assistance.

If you are concerned about dependency on opioid pain medications, please call the NYS OASAS HOPELine at **877-8-HOPENY (877-846-7369)**.

What’s Next?

Your employer or its workers’ compensation insurance carrier will contact you if your claim is accepted. When that happens, your health care providers will be paid and lost wage benefits begin. If your case is disputed, the Board will notify you about resolving the case and may request additional information if necessary.

What Every Worker Should Do in Case of On-The-Job Injury or Occupational Disease:

1. Immediately tell your employer or supervisor when, where and how you were injured.
2. Secure medical care immediately.
3. Tell your doctor to file medical reports with the Board and with your employer or its insurance carrier.
4. Make out this claim for compensation and send it to the nearest Workers' Compensation Board Office. (See below.) Failure to file within two years after the date of injury may result in your claim being denied. If you need help in completing this form, telephone or visit the nearest Workers' Compensation Board Office listed below.
5. Go to all hearings when notified to appear.
6. Go back to work as soon as you are able; compensation is never as high as your wage.

Your Rights:

1. Generally, you are entitled to be treated by a doctor of your choice, provided he/she is authorized by the Board. If your employer is involved in a preferred provider organization (PPO) arrangement, you must obtain initial treatment from the preferred provider organization which has been designated to provide health care services for workers' compensation injuries.
2. DO NOT pay your doctor or hospital. Their bills will be paid by the insurance carrier if your case is not disputed. If your case is disputed, the doctor or hospital must wait for payment until the Board decides your case. In the event you fail to prosecute your case or the Board decides against you, you will have to pay the doctor or hospital.
3. You are also entitled to be reimbursed for drugs, crutches, or any apparatus properly prescribed by your doctor and for carfares or other necessary expenses going to and from your doctor's office or the hospital. (Get receipts for such expenses.)
4. You are entitled to compensation if your injury keeps you from work for more than seven days, compels you to work at lower wages, or results in permanent disability to any part of your body.
5. Compensation is payable directly and without waiting for an award, except when the claim is disputed.
6. Injured workers or dependents of deceased workers may represent themselves in matters before the Board or may retain an attorney or licensed representative to represent them. If an attorney or licensed representative is retained, his/her fee for legal services will be reviewed by the Board and if approved will be paid by the employer or insurance company out of any compensation benefits due. Injured workers or dependents of deceased workers should not directly pay anything to the attorney or licensed representative representing them in a compensation case.
7. If you need help returning to work, or with family or financial problems because of your injury, contact the Workers' Compensation Board office nearest you and ask for a rehabilitation counselor or social worker.

Your company's workers' compensation insurance carrier is The New York State Insurance Fund (NYSIF), which has a contract with CVS Caremark, a pharmacy benefits manager (PBM) that offers convenient prescription filling services.

NYSIF has implemented an instant enrollment or "short-fill" service with CVS Caremark. The new service allows injured workers immediate acceptance by any pharmacy in the CareComp pharmacy network administered by CVS Caremark. Although New York law does not require us to provide this benefit, we have elected to provide a limited number of cost-effective medication benefits for new claims filed for **work-related injuries or illnesses** in order to help injured workers get through the first, difficult days after an injury and before the claim is accepted.

When an employee sustains a work-related injury, the form on the other side of this page (Workers' Compensation Temporary Prescription Services ID) may be used to fill prescriptions at any participating pharmacy in the CareComp Network of CVS Caremark . It makes **getting prescriptions for your work-related injury** very easy.

Step 1: Employer fills in:

- Employer's Name
- Policy Number

Step 2: Injured employee fills in his/her:

- Social Security Number
- Date of Injury
- Date of Birth
- Name
- Mailing Address

Step 3: Injured employee brings to pharmacy:

- Completed temporary ID form
- Prescription(s) for work-related injury

Step 4: Within 10 days of the New York State Insurance Fund's confirmation of the accident, the injured employee will receive a packet from CVS Caremark. The packet will contain a permanent ID card that should be used when filling prescriptions for the work-related injury.

Note: Injured workers can quickly find local participating pharmacies by visiting: <http://www.wcrxpharmacylocator.com> or by calling the CVS Caremark 24-hour patient care hotline at 1-866-493-1640.
